

JEFFREY TORRES BELLO

Electronic Engineer

// ABOUT ME

I am an Electronic Engineer by profession.
I like to always learn the new and share it with my work group, I currently have knowledge and experience developing in JavaScript, Front-End (ReactJS, React-native), Back-End (NodeJs, Express-JS) and Testing with JEST, with full interest and willingness to work as front end react developer.

In my projects, I love use **GIT** for version control
